SB

Objective

I intend to work towards making a positive difference towards the client I work with and my own career and continue learning and growing.

Summary

→ **7+** years of experience in Full Stack Web Development
→ **Full Stack Web Developer** (React, Angular, Mongo, Node, Express, MySQL, Postgres, Docker, K8)
→ Currently **leading the Full Stack Program** at Geekster.in
→ Risen to challenges (**Amit Shah's** Website - F/E & B/E)
→ **Led Teams** (Trexlr / NatyaSudha) setting tech infrastructure and architecture
→ **Increased app engagement by over 100%** by ideating and implementing modules at Skrilo
→ **Implemented the payments' module** used by over thousands of people at **KKR, Delhi Daredevils,** etc, as a **single person resource**
→ B.Tech (Computer Science Engineering) - UPTU 2014.

Experience: Full-time (Contractual/Freelance Experience listed below)
